Dear Special Agent King:

Thank you for your letter of May 13, 1998 regarding the assistance provided by Detective Kevin Allen and Reserve Officer David Duncan. An unsolicited opinion about the manner in which members of this Police Department have served another agency is always welcome.

It is satisfying to learn that these officers achieved this level of professionalism while assisting your agency in your Intellectual Property Rights Investigation.

The officers and their supervisors have read your letter, and a copy has been placed in their personnel files to aid in evaluating their job performances.

Your thoughtfulness in writing to me of this incident is appreciated. Please be assured of our constant endeavor to provide the community and other law enforcement agencies with the highest level of service at all times.

Sincerely,

Michael D. Brasfield
Chief of Police

cc: Detective Kevin Allen
Reserve Officer David Duncan
